**NOTICE OF PUBLIC HEARING**

concerning

**RENEWAL OF WASTE DISCHARGE REQUIREMENTS  
(NPDES PERMIT NO. CA0081400)**

**FOR**

**SIERRA PACIFIC INDUSTRIES, INC.  
SHASTA LAKE DIVISION SAWMILL  
SHASTA COUNTY**

Sierra Pacific Industries, Inc. (Discharger) owns and operates the Shasta Lake Division Sawmill (Facility) in the City of Shasta Lake, Shasta County. The Facility is a sawmill complex with a wood-burning boiler that generates steam for kiln heating. Commingled process wastewater and storm water generated from precipitation on the log deck area is routed to and collected in an on-site retention basin. When the retention basin reaches capacity, discharge from the basin flows into an unnamed tributary to Church Creek and is regulated under an existing National Pollutant Discharge Elimination System (NPDES) permit. The Discharger submitted a Report of Waste Discharge and requested renewal of the existing NPDES permit. Staff recommends the Central Valley Regional Water Quality Control Board (Central Valley Water Board) adopt the tentative NPDES permit to regulate discharge from the Facility.

A public hearing to address this matter will be held during the Central Valley Water Board meeting, which is scheduled for:
